Education

Lancaster University Leipzig
BSc Computer Science (Sep 2024 – Jul 2027)

- Software Development: Completed hands-on projects using Python, C, and Java.
- Digital Systems: Learned about binary numbers, assembly language, digital circuits, and fundamentals of computer architecture.
- Fundamentals: Studied matrices, vectors, binary trees, and core mathematical concepts for computing.

Goethe German Collegium, Bucharest
Mathematics & Computer Science (Mate-Info) (Sep 2020 – Jul 2024)

Experience

- Exim Banca Romaneasca
  Internship (July - Aug 2025)
  Attented/Shadow Cyber Security Department and Data Analysis Department.

- Interact Goethe
  Volunteer Member (Sep 2022 – Jun 2024)
  Organized and participated in charity events for disadvantaged children.

- Transcendent Technology
  Trainee on Technical Support (2022)

- BMNATO, 9th Edition
  Attendee (2021)

Languages

- German: Native
- English: Advanced

Technical Skills

- Python, C, Java, ECDL Certified
- Mathematics (matrices, vectors, binary trees)

- Digital Systems (binary, assembly, circuits)
